Ogilvie-Shapiro In Fall

In November it will be Ogilvie and Shapiro to fight it out for the governorship of Illinois.

Gov. Shapiro -- he was lieutenant governor until Kerner resigned last month to become a federal judge -- was without opposition in Tuesday's primary but Richard B. Ogilvie, the Republican candidate, had his hands full with turning back John Henry Altorfer, Peoria industrialist. Indications, yesterday before all the returns were in, were that Ogilvie the Cook County board president, will win by about 25,000 votes.

Altorfer was running ahead downstate but Cook County gave Ogilvie the victory.

It was one of the lightest votes cast in many years, presumably for lack of contests.

In Will County the Democratic ticket was unmarked by any local contests and there was only the nomination for clerk of the circuit court that was contested on the Republican ticket.

In that contest Sam H. Paul, supervisor from Troy Township defeated Frank J. Burich, former assistant supervisor and justice of peace from Lockport. Paul tallied 6,087 votes to 4,027 for Burich for an edge of 2,067, with all 191 precincts reporting.

County Clerk Clara Hart-

ley Woodard reported there were 106,653 registered voters in the county at primary time but only 16 per cent -- 17,621 to put it in persons -- cast ballots. Of the total number voting in Will County 11,268 were Republicans and 6,351 were Democrats.

Going down the ballot -- countywise it was U.S. Senator Dirksen with 10,001 to 614 for his opponent, Roy Johnson, and that was the way the senator was running thruout the state. He will be opposed by former Illinois attorney general. William G. Clark in November. Clark polled 5,248 votes in the county.

In the governor's race on the Republican ticket Ogilvie polled 5,551 votes, Altorfer, 4,493; former governor William Stratton, 594, and S. Thomas Sutton, 307. Shapiro had 5,432 votes which made him high man on the Demo ticket.

The name of Carpentier still is a factor with the voters and Donald D. Carpentier won the nomination for secretary of state in the Republican primary hands down in the state defeating Brian B. Duff. In Will County Carpentier had 8,416 votes, Duff, 2,134. Incumbent Paul Powell polled 5,143 in the county.

In the 17th district, in which New Lenox, Frankfort,

Homer, Green Garden -- most of the townships in fact -- are located Leslie Arends polled 4,941 for the GOP re-nomination for Congressman. John Erlenborn was re-nominated in the 14th Dist.

State Representatives W. Robert Blair, 14,397, and William G. Barr, 15,165, will be up for re-election in November. The two Demo nominees are John Houlihan, 8,790, incumbent, and Sammy Berk, 7,338.

The other nominees for county offices and their votes in the primary are: For state's attorney, Louis R. B e r t a n i, (R) 9,982; George E. Sangmeister (D), incumbent, 5,347; for recorder, Kenneth L. George (R), incumbent, 9,872; Stephen B. Luzbetak (D) 5,191; for county auditor, F. Berle Needham (R), 9,701, Stanley B. Waznis (D), incumbent, 5,216; for coronor, Willard G. Blood (R), incumbent, 10,307, Dr. John K. Churchill (D), 5,038.

Blood led the Republican ticket, as usual.

Joliet Racing Adds Mini-Cars

Area race fans have a busy week-end ahead of them.

Co-promoters Leo Melcher and Chuck O'Day announced today that in addition to their weekly midget show on Saturday night, they will kick off their weekly show of Mini-Stocks on Sunday at the Joliet Memorial Stadium.

The Mini-Stocks, if you are not familiar with the term, are small foreign stock cars such as Volkswagen, Renault, and Triumphs.

"We have names of about 30 fellows that have these Minis", said the promoters, "and we're expecting about 25 or 28 cars out for the first show. All of the fellows are from the local area and surprisingly, most of them are under 21 years old. This is about the only type of racing that fellows can participate in if they are under 21.

We have full insurance coverage for any male that is over 18 and wants to race. These cars are being kept strictly stock except for safety features such as roll bars. We feel that by doing this, a fellow won't have to spend a lot of money to get involved in racing. You know, a lot of the midget car owners have \$5,000 and \$6,000 tied up in their cars and this is something we want to avoid.

Most of the Mini-Stock owners that we've talked to only have \$200 or \$300 tied up in their cars and they are first class equipment.

We're looking forward to a real action filled program this Sunday night. We're sure of fan acceptance of the Minis from what we've seen at the exhibitions we've had of the Minis during our regular Saturday night midget shows. We're sure that we'll have these Minis on a regular Sunday night basis."

The starting time for both the midgets, on Saturday night, and the Minis on Sunday night, will be the same. The time trials are at 7:15 and the 1st race is at 8:00. Admission is \$1.50 for adults with children under 12 free when accompanied by an adult. There is plenty of free parking.

Graduation day, June 5, was one of the first hot days this spring and it seemed to have affected some of the male graduates. Many of the boys, on their way to receive their diplomas from Rev. N.L. Hires Engineer As Business Manager

At the regular meeting of the New Lenox village board last week Robert A. Brown, 619 Sugar Creek Drive, Joliet, was hired to assist the elected officials with guiding the growth and development of the community.

A registered civil engineer, Brown has had many years of experience in his field, and is expected to help the village with its problems.

He has been given the title of village manager but this does not mean he will function as a city manager. F. Walter Reinhard, the first man hired by the board to look after the business of the village was succeeded by Glenn Donaldson, when he retired from the post. Then Donaldson after several years of service, resigned and Reinhard took over the job again but told the board that he would appreciate it if they would find someone else.

The board has now hired Brown but Reinhard will stay on for a period, taking care of the office while Brown is spending time in the field to become familiar with the problems and needs of the village.

At last week's meeting it was reported that the project designed to solve the surface water problem in the vicinity of Second and Pine, is almost completed. This has been a major problem for about a dozen years and to eliminate it can be counted as accomplishment by the new administration, it was pointed out.

The board hopes to utilize this drainage system in eliminating damage by surface water further to the south. It is also giving its attention to a drainage problem on Oakview Drive and will give close attention to any other complaints of this nature.

The board referred a request of a local builder for a permit to construct apartment building containing six and eight units to the Planning Commission for study and recommendation. Present ordinances do not provide for such construction, it was said. The planning group meets June 17.

Village Attorney Wayne Johnson was instructed to prepare an ordinance covering the re-zoning of property. Under its provisions when property is re-zoned as business or industrial

from another classification, such land must be put to such use within a two-year period, with a possible extension of one year, or it will revert to its former status.

O.V. Rowe, village building inspector, attended last week's board session to outline some of the problems that he encounters in his work. He recommended the village adopt the National Building Code, which has the approval of the National Board of Fire Underwriters.

Any program adopted, Rowe believes, should be for the protection of the public, especially if unknown, outside contractors are involved. Trustees Jack A. Batson and Robert J. Wysock were appointed by Mayor Joseph Hartong to work with Rowe in formulating the essential program.

Residents Reminded To Have Dogs Inoculated

Mrs. Edward Hovi
Telephone: 479-5740

With the beginning of the summer season, make a note to check the date on the rabies vaccination for your dog. It is a law that all dogs must have an annual rabies vaccination.

If you fail to obtain the vaccination by one year from the previous date, there is an automatic fine levied when the vaccination is given. As residents here know, there is a door-to-door check by the rabies warden each summer and a summons is given out to those in violation with a grace period for vaccination plus the fine.

Information Is Available On Erosion Control

The latest information on erosion control for rural fringe land uses is now available, according to Allen May of the Soil Conservation Service. New construction, such as housing developments, highways and roads, land fills, and grading leave the soil exposed to the erosion processes.

A canopy of grass will give cover protection and keep sediment and soil pollutants from moving downstream, as well as retard flooding and sediment damages to roads, buildings, and play areas.

Material is available on seeding dates and second mixtures for dry and wet critical and barren areas. Included are instructions on mulching, site preparations and maintenance of seedings. This information may be obtained from the Will-South Cook Soil and Water Conservation District office, 100 Manhattan Road in Joliet. Phone: 723-5078.

This law was enacted for your benefit, especially for the benefit of children who frequently want to pet that "nice doggie." It is then nice to know that the tag on doggie indicates that the dog will not cause rabies in your child.

The regular schedule of games for the local baseball teams for the pony league, thirteen and fourteen year olds; and the A team little league, nine through twelve year olds.

The season began for our pony team, the Lincoln-Hill Dodgers with a game against the New Lenox Lions at our field on Tuesday, June 4. The final of that game was a romping sixteen to five with our boys coming out victorious. The second game was played on Friday, June 7 at Peotone. The results were also on the happy side with the Dodgers defeating Peotone by the score of twelve to five.

There were a game scheduled on Tuesday, June 11 with the Manhattan Lions playing at our field. The results will be given next week.

Two more games are on tap by next week's issue: on Friday, June 14 the Frankfort Giants will meet the Lincoln-Hill Dodgers on our field; and on Tuesday, June 18 Peotone will play our Dodgers at our field. All games are scheduled to begin at 6:00 p.m. Please make an effort to attend the games, and show the boys that people do care what they do that is good, not just the trouble that some boys get into.

The Little League "A" team also began their schedule of regular games last week with a home game against the Lincoln Estates Mets on Thursday, June 6.

The Arbury Hills Sox were on the long end of a six to four score at the end of the game.

The schedule of games continues with a game scheduled to be held on Monday, June 10 with the Arbury Hills Sox at the Frankfort Lions field. There is also a game today, Thursday, June 13 with the Frankfort Cubs at the Arbury Hills Sox home field. On Monday, June 17 the Sox will engage the Mokena Dodgers at the Mokena Field, and on next Thursday, June 20 the Sox will meet the Mokena Twins also at the Mokena field. As with the Pony League teams, the Little League Teams will begin their play at 6:00 p.m. Please try to make as many games as possible.

The Hovi family on Hickory Street held a large economy size birthday party celebrating five birthdays at once with a family gathering over the Memorial week end. The birthdays included Mrs. Hovi's sister, Miss Ann Doran for a starter followed by Edward Jr. and Edward Sr. Completing the parade were Linda and Marie. Nothing like bunching them up!

The Cadette Girl Scout Troop Number 336 of Arbury Hills had a three day campout planned for this week which had to be cancelled, when Mrs. Dier-

couff, the assistant leader became ill. None of the mothers of the troop felt that they could accompany Mrs. Markowski on the trip, and the girl scout rules prevented. Mrs. Markowski from taking the girls out alone.

Today, Thursday, June 13, the girls will have an all-day outing as partial compensation for the lost trip. It is expected that Mrs. Diercouff will have recovered sufficiently to accompany Mrs. Markowski.

The Boy Scout Troop Number 10 held a week end campout at Kankakee River State Park over the Memorial Day week end, leaving on Friday, May 31 and returning on Sunday, June 2. Thirteen boys went along on the outing.

The fifth through eighth grades of Saint Mary's School of Mokena presented a Musicales for the enjoyment of the parents last Wednesday, June 5. The

program was under the direction of Sister Alverna who teaches music in addition to her eighth grade duties.

The following evening the eighth grade was treated, along with their parents and the faculty and school board, to a banquet by the seventh grade. It was prepared by the mothers of the seventh graders, and many of the seventh grade girls were there to assist the mothers.

In recognition of the ruling of the Diocesan School Board of the Joliet Diocese this year, there was no formal graduation ceremonies for the eighth grade.

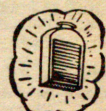

The Arbury Hills School held their graduation ceremonies in the all-purpose room of the school on last Saturday evening, June 8.

The classes are now dismissed for all the schools in the area, and the motorists should give this fact

consideration, when driving through a residential area.

The children are the least careful when first "freed" from school, and are most likely to dart out without thinking into the streets.

When it comes to sunny spots in the garden, there's any number of bright color-

ful annuals that can be used. The selection ranges all the way from Amaranthus to Zinnia. However, in many city gardens, there are many special areas that will not grow many colorful annuals. The foliage may be

adequate but the flowers small and sparse. Often the reason for such poor performance is too much shade.

To make the best use of such shady areas one can plant some of the "shady dozen." The shady dozen are a group of attractive plants that either tolerate or demand shade. Two of the group are grown for their colorful, attractive foliage. Most familiar of the two is the coleus. The plant is so tolerant of low light levels that it is commonly taken into the house for use as a house-plant. In the garden small plants will quickly reach a foot to a foot and one-half high.

Caladiums on the other hand are not as common in the Chicago area. This plant is very sensitive to chilling. Therefore sprouted plants or the dormant tubers should not be started much before now. The large foot long leaves give a decided tropical touch to any poolside or patio. Leaf colors range from a spackled white to green with red veins or vice versa.

Next on the list of showy "shady dozen" plants are the begonias. The small flowered fibrous rooted types make an attractive pink or white border. The tuberous rooted begonias

don't produce as many flowers, but when they do they are spectacular. In size and shape they resemble camellias and roses. All colors are available except blue.

An old favorite for shady window boxes is ageratum. The best varieties are blue, although pink and white are also available.

Balsam and impatiens are two very fast growing members of the "shady dozen." They like not only shade but plenty of moisture. Flower buds are formed with each group of new leaves so that the plants are mounds of color. A recent new shade is tangerine impatiens.

Browallia, which comes in white or blue, is a little straggly. This, however, can be an advantage if it is displayed in hanging baskets or the edge of flower boxes.

Sweet Alyssum is quite an adaptable plant. It grows well in sun or shade. The commonest colors are purple and white. Rosey O'Day, a new pink, is also of merit.

Final members of the "shady dozen" are lobelia, pansy and torenia.

Become familiar with these shade loving annuals, and you will find yourself searching for areas to use them effectively.

20 years from now the electric heating in your home will still be one of the brightest ideas you ever had.

Only an electric heating system will be just as modern in twenty years as today. It will probably outlast your mortgage. (No other heating system can make that statement.)

Electric heat has other things going for it, too. Like flexibility, cleanliness, economy of installation, silence, trouble-free operation, odorlessness, and five different types of systems to choose from.

All of which adds up to keeping your home bright and modern for many years to come. And electricity is making it possible. Check into electric heat... the modern heat.

CATS IRK BIRD LOVER

Sir:
Spring and summer came and also out songbirds building their nests in our trees and shrubbery. Several weeks ago I found two robins all chewed up but last Friday two cats, one with a collar on her neck . . . were fighting over a baby thrush they had just killed behind my house.

I would like to know what these cats are good for, unless some people don't like songbirds, and let those cats prey on our feathered friends.

MRS. KATHRYN JENNINGS, (left) immediate past president of the South Suburban Educational Secretaries Association, transfers the gavel to newly installed president Mrs. Dolores Zolper following the installation ceremony during the association's late May dinner meeting. Mrs. Jennings is secretary to Dr. Stephen J. Starkel, superintendent of Evergreen Park High School District 231; Mrs. Zolper is secretary to Donald L. Harvick, superintendent of Palos Community Consolidated Elementary District 118.

SSESA Honors Bosses And Installs Staff

With the installation of Mrs. Dolores Zolper and other officers, the South Suburban Educational Secretaries Association (SS-ESA) begins its eighth year of activity.

Organized in February 1961, the association's purposes are to bring together secretaries and other personnel employed in school offices to promote good fellowship, to pool ideas, to gain a better understanding of school problems, and to aid in promoting professional attitudes and standards within the membership.

The installation ceremony was coupled with the association's annual dinner meeting to honor members' bosses, held in the Bonspiel Restaurant, 185th and Halsted Streets. Installing officer was Mrs. Lois Bam-burger, a past president and secretary in Oak Lawn Elementary District 123.

Installed with Mrs. Zolper were Mrs. Marilyn Schmaedeke, Orland Park Elementary District 135, president-elect; Mrs. Betty Van Dyke, Thornton Township High School District

205, secretary; and Mrs. Marian Anderson, Park Forest Elementary District 163.

A highlight of the annual meeting was award of a business education scholarship to Sharon Moore, an Evergreen Park high school graduating senior. The scholarship was a "first" awarded by SSES following formation of a scholarship committee and development of criteria for the award during the association's 1966-67 year. Presentation of the award was made by Mrs. Lois Bergman, secretary in Homewood - Flossmoor High School District 233 and chairman of the committee.

Lighter moments of the annual dinner meeting were provided by Katherine de Jersey, professional astrologer and TV and radio personality during her program, "Follow Your Lucky Star."

Hostesses for the evening were school personnel from SPEED (Special Education Cooperative in Homewood), Flossmoor Elementary District 161, and Homewood - Flossmoor High School District 233.

Seek Backers For New ProGrid Team

Two area men have been named to the steering committee of the recently formed Joliet Region Football Association.

The area members are John Lektorich, 118 Michael Lane, New Lenox, and Norman Patterson, 11117 Revere, Mokena.

The group has undertaken the task of raising money to field a professional football team in 1969 to replace the now defunct Joliet Chargers.

Twice champions of the Professional Football League of America, the Chargers ran into financial difficulties and had to disband, it was related. The JRFA, a separate organization, has hopes of entering the Central States Football League next year.

The new group hopes to sign up enough members to

finance the venture. Memberships are a minimum donation of \$20 each but larger amounts will be gladly accepted, it was said. According to Lektorich and Patterson all donations will be held in escrow account until the Association is certain of financial stability. In the event the group fails to get sufficient funds all monies will be returned to the donors, the committee declared.

Checks may be made payable to the Joliet Region Football Association, it was explained, and mailed to the Union National Bank at 50 W. Jefferson St., Joliet. A membership card will be mailed upon receipt of the donation.

Lektorich is chairman of the committee and Patterson is secretary.

G.I. Education Program Starting Its Third Year

The Post-Korean, or third generation, G.I. Bill education and training program began its third year of operation on June 1.

During the past two years, more than 32,379 veterans and 748 servicemen entered training in Illinois and the Gary-Hammond area under the Veterans' Readjustment Benefits Act of 1966 according to John B. Naser, manager, Veterans Administration Regional Office in Chicago.

Nationally, more than 732,000 veterans and an additional 43,000 servicemen entered education and training in the first two years of the current G.I. Bill, Naser said.

The Veterans' Readjustment Benefits Act of 1966, or Post-Korean G.I. Bill, grants VA educational assistance of one month, up to a maximum of 36 months (four school years), for each month of service.

Eligible for assistance are veterans who served on active duty at least 180 days, part of which was after Jan. 31, 1955, and servicemen with at least two consecutive years of active duty.

Of the 33, 127 veterans and servicemen in the Illinois area who have taken advantage of Post-Korean G.I. Bill education and training benefits, 20, 079 entered institutions of higher learning, Mr. Naser explained.

Nearly two-thirds of all Post-Korean G.I. Bill students have entered college level training. By comparison, only about half of the veterans who went to school

under the Korean Conflict G.I. Bill entered institutions of higher learning. Less than one-third of the World War II veterans took college level training, he noted.

Since June 1, 1966, more than 12,350 veterans and servicemen entered schools in Illinois below the college level. Of these, all but 540 were veterans, the Manager said.

Naser explained that only veterans are eligible under the present G.I. Bill for

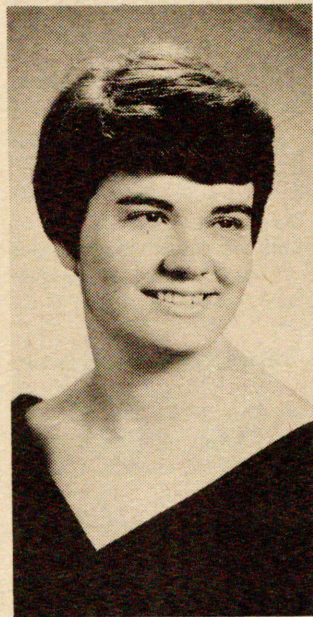

on-the-job training benefits. And these have only been available to Post-Korean veterans since last Oct. 1. Since then 693 veterans entered on-the-job training in Illinois.

A breakdown of training totals shows 11,264 veterans and 58 servicemen are now entered in institutions of higher learning. Enrolled currently in Illinois schools below the college level are 7,216 veterans and 485 servicemen, Mr. Naser said.

Taking on-the-job training in Illinois are 670 veterans.

The manager explained that veterans have eight years from the date of their discharge from active duty to use their Post-Korean G.I. Bill education and training benefits. However, veterans released from active duty between Jan. 31, 1955 and June 1, 1966 have until May 31, 1974 to use these benefits.

VA educational assistance available under this program ranges from a monthly allowance of \$130 or more (depending upon the number of dependents) for full time institutional training to payment of only the actual cost of correspondence courses.

MARY FRANCIS CONSOLA, daughter of Mr. and Mrs. Anthony P. Consola, 171st and Wolf Rd., Orland Park, was graduated from Mundelein College, Chicago, June 9. A mathematics major, she was awarded a bachelor of arts degree.

The Law Serves You

A Public Service of the ILLINOIS STATE BAR ASSOCIATION

The fact that this is Leap Year is expected to have little or no effect on the number of June brides.

The reason: very few women take advantage of the Leap Year idea of asking a man for his hand in marriage.

At one time, however, the woman who proposed to a man had the law on her side.

According to the Illinois State Bar Association, Scotland in 1288 gave maiden ladies the legal right to propose to bachelors during Leap Year. The bachelor who declined was subject to a fine equal to the value of his estate, unless he could show he was already betrothed.

Similar laws were enacted by France, Genoa, Florence, the record shows.

Leap Year never has been a matter of law in this country, except that at least one community, Whitesville, Del. has an ordinance against it. The law, still on the books, says that any woman who proposes marriage to a man during Leap Year is guilty of disorderly conduct.

Today, courts even take a rather dim view of a woman's efforts to collect damages for the embarrassment and mental anguish caused by a man's refusal to go thru with a promise to marry.

Illinois saw its share of such "heart balm" cases including one that enriched the plaintiff by some \$30,000, the highest such award in this state. The threat of a suit was often used as a form of blackmail.

In 1948, the state legislature ruled out "punitive, exemplary, vindictive, or aggravated damages" for

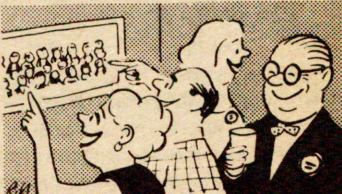

breach of promise. Now, all the plaintiff can hope for is actual damages, proven in court.

The law specifies the procedure for initiating a breach of promise action. A jilted fiancée must give written notice to the person who promised marriage within three months of the date that the promise was broken. The notice may be delivered in person or by first class mail.

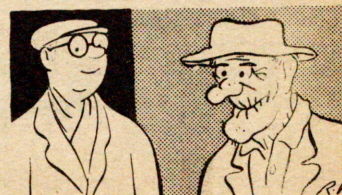

Contents of the notice must include the date the promise to marry was made and the date the marriage ceremony was to have been performed. The notice must also state the damages suffered by the person bringing the breach of promise action and whether this person is still willing to marry the former fiancé.

Any suit must be filed within one year after an engagement is broken.

Free Elections Freedom's Key, Declares Powell

The freedom of the ballot box is the guarantee of all American freedoms, Secretary of State Paul Powell today told members of the Chicago Junior Association of Commerce and Industry at a luncheon meeting in the Wedgewood room of Marshall Field and Company.

"Surveys show that American people cherish their

right to vote more than any other liberty, but many of these same people have never been inside a polling booth," Mr. Powell said.

Declaring that a good leader initiates action, Secretary Powell urged the group "as leaders in the business world to initiate action at every opportunity to impress upon people the necessity of voting in all elections."
